I include these in your package at cost, the same price as if you ordered them on line from Kindermusik yourself. The Young Child 2010, for instance, comes with a very high quality instrument, either a xylophone, a dulcimer, or a recorder, plus all the other materials, books, and cds. Most units come equip with fantastic cd's, instruments, books, carrying bags, and other variations of these.*

**All prices are GST inclusive and are subject to change.*

- Please note: Please only bring enrolled children to their class. Siblings can be a distraction and space is limited! Siblings are able to join us in last 15 mins of class.
- Exception to bring extra child- only newborn/infants that are happy staying in a push chair. Please realize that if disruption occur, you will need to take child/ children out until quieting down. Thank you for your cooperation.
