*\*All prices are with At Home Materials included which are an integral part of the Kindermusik education .The At Home Materials are more or less expensive depending on unit, but I have averaged the prices according to Kindermusik International prices I pay. I include these in your package at cost, the same price as if you ordered them on line from Kindermusik yourself. The Young Child 2010, for instance, comes with a very high quality instrument, either a xylophone, a dulcimer, or a recorder, plus all the other materials, books, and cds. Most units come equip with fantastic cd's, instruments, books, carrying bags, and other variations of these.*

*\*All prices are GST inclusive and are subject to change.*

*\*Classes must be paid in full at first lesson. Deposit must be paid 2 weeks prior to first day of class to hold your child's place.*

#### SIBLING DISCOUNT

For siblings enrolled in the same class, the At home Materials costs are lower as there are sibling packs. Your fees will be adjusted as follows:

- Sibling discount \$50.00 off total fees.
- IN VILLAGE, discount \$25.00 off sibling enrolled in same class
- Also note, for future classes, if one of your children has already taken the unit offered, a younger sibling can also use the At Home Material sibling discount!

Springbank Arts teacher and director

- Please note: Please only bring enrolled children to their class. Siblings can be a distraction and space is limited! Siblings are able to join us in last 15 mins of class.
- Exception to bring extra child- only newborn/infants that are happy staying in a push chair. Please realize that if disruption occur, you will need to take child/ children out until quieting down. Thank you for your cooperation.
